While much of the news over the weekend shifted from the coronavirus to social protests and unrest around the country, there were still some important updates and information on the COVID-19 pandemic. You will find some highlights below.

**New National Guidelines, Information, and Policies Updates:**

- Hospitals around the country are facing a liquidity problem during this pandemic. [Here is a report on the issue.](#)
- Medicaid Advantage plans are gaining expanded telehealth and ESRD enrollment. [More information here.](#)
- The FDA is giving providers and consumers more clarity on antibody testing. [See details here.](#)
- Doctors and nurses who are immigrants have an added pressure during the pandemic: the threat that their family members will be deported if they die. [Report from The Hill.](#)
- The Washington Post is reporting that hundreds of thousands of vials of remdesivir were sent to the wrong hospitals or to the wrong healthcare facilities. [Read the Post story.](#)
- Regional leaders fear a rise in coronavirus cases due to the social protests and unrest this weekend. [Read story here.](#)

**Regional Information and Information for Hospitals:**

Developments from around the MD-DC-VA area.

- Our region surpassed 100,000 confirmed cases over the weekend and the total deaths are now more than 4300.
- Beginning today (June 1) all areas in and around the District of Columbia will be in at least Phase 1 of the reopening process. Officials are waiting to see if and when that has an effect on cases and/or hospitalizations.
